DISCUSSION

The Paso Robles Groundwater Basin (Paso Basin) Advisory Committee was formed on January 28, 2014, to advise the Board of Supervisors, when acting either as the San Luis Obispo County Flood Control and Water Conservation District or San Luis Obispo County, concerning policy decisions relating to:

1. Implementation of the Paso Basin Groundwater Management Plan;
2. Development of an "enhanced" AB 3030 Groundwater Management Plan for the Paso Basin;
3. Formation of a new water district;
4. Transition of an initial County-supported district to an independent district; and
5. Other policies and ordinances.

The Paso Basin Advisory Committee also serves as a public forum to discuss and collect comments on Paso Basin issues and is comprised of 26 members (each with an alternate) split into two categories:

- Agency, Organization and Association Members; and
- At-Large Members.
